Data Sheet

Product Name: Atractyloidin
Cat. No.: HY-N0238
CAS No.: 55290-63-6
Molecular Formula: C_{13}H_{10}O
Molecular Weight: 182.22
Target: Others
Pathway: Others
Solubility: DMSO: 14 mg/mL

BIOLOGICAL ACTIVITY:

Atractyloidin is an active component of the essential oil contained in the rhizomes of Atractylodes lancea and A.
