Product Data Sheet

N-Carbobenzoxy-L-homoserine

Cat. No.: HY-W025723 CAS No.: 35677-88-4 Molecular Formula: C₁₂H₁₅NO₅ Molecular Weight: 253.25 Target: Others

Others Storage: Powder -20°C 3 years

2 years

In solvent -80°C 6 months

> -20°C 1 month

BIOLOGICAL ACTIVITY

Description

Pathway:

N-Carbobenzoxy-L-homoserine (N-(Benzyloxycarbonyl)-L-homoserine) is L-homoserine with N-Carbobenzoxy protecting group, which can be used as a linker (ADC Linker) for the synthesis of Antibody-Drug Conjugates (ADCs).

Caution: Product has not been fully validated for medical applications. For research use only.
