

Dornase alfa

Cat. No.:	HY-108858
CAS No.:	143831-71-4
Target:	Others
Pathway:	Others
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

Dornase alfa

BIOLOGICAL ACTIVITY

Description

Dornase alfa (rhDNase) is a recombinant human deoxyribonuclease I (rhDNase), an enzyme which selectively cleaves DNA. Dornase alfa hydrolyzes the DNA present in sputum/mucus and reduces viscosity in the lungs, promoting improved clearance of secretions. Dornase alfa plays an important role in cystic fibrosis^[1].
