

## 24-Methylenecholesterol-<sup>13</sup>C

<b>Cat. No.:</b>	HY-133968S1
<b>Molecular Formula:</b>	C <sub>27</sub> <sup>13</sup> CH <sub>46</sub> O
<b>Molecular Weight:</b>	399.66
<b>Target:</b>	Isotope-Labeled Compounds
<b>Pathway:</b>	Others
<b>Storage:</b>	Please store the product under the recommended conditions in the Certificate of Analysis.

### BIOLOGICAL ACTIVITY

<b>Description</b>	24-Methylenecholesterol- <sup>13</sup> C (Ostreasterol- <sup>13</sup> C) is the <sup>13</sup> C labeled 24-Methylenecholesterol (HY-133968) <sup>[1]</sup> . 24-Methylenecholesterol (Ostreasterol), a natural marine sterol, stimulates cholesterol acyltransferase in human macrophages. 24-Methylenecholesterol possess anti-aging effects in yeast. 24-methylenecholesterol enhances honey bee longevity and improves nurse bee physiology <sup>[2][3][4]</sup> .
<b>In Vitro</b>	Stable heavy isotopes of hydrogen, carbon, and other elements have been incorporated into drug molecules, largely as tracers for quantitation during the drug development process. Deuteration has gained attention because of its potential to affect the pharmacokinetic and metabolic profiles of drugs <sup>[1]</sup> . MCE has not independently confirmed the accuracy of these methods. They are for reference only.
