Proteins

PBFI-AM

Cat. No.: HY-136872
CAS No.: 124549-23-1
Molecular Formula: $C_{58}H_{62}N_2O_{24}$
Molecular Weight: 1171.11

Target: Potassium Channel

Pathway: Membrane Transporter/Ion Channel

Storage: -20°C, sealed storage, away from moisture

* In solvent: -80°C, 6 months; -20°C, 1 month (sealed storage, away from moisture)

BIOLOGICAL ACTIVITY

Description PBFI-AM is a useful tool to determine intracellular K⁺ content^[1].
