## 2-Chloro-5-cyanopyridine

| Cat. No.:          | HY-59197                                       |       |          |
|--------------------|--|-------|----------|
| CAS No.:           | 33252-28-7                                     |       |          |
| Molecular Formula: | C <sub>6</sub> H <sub>3</sub> CIN <sub>2</sub> |       |          |
| Molecular Weight:  | 138.55   |       |          |
| Target:            | Biochemical Assay Reagents                     |       |          |
| Pathway:           | Others   |       |          |
| Storage:           | Powder   | -20°C | 3 years  |
|                    |  | 4°C   | 2 years  |
|                    | In solvent                                     | -80°C | 6 months |
|                    |  | -20°C | 1 month  |

## **BIOLOGICAL ACTIVITY**

Description

2-Chloro-5-cyanopyridine is a biochemical reagent that can be used as a biological material or organic compound for life science related research.

Caution: Product has not been fully validated for medical applications. For research use only.
