

Pectate Lyase

Cat. No.:	HY-E70119
CAS No.:	9015-75-2
Target:	Fungal
Pathway:	Anti-infection
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

Pectate Lyase

BIOLOGICAL ACTIVITY

Description

Pectate Lyase is an important enzyme secreted by plant pathogens. Pectate Lyase plays a critical role in pectin degradation and fungal virulence. Pectate Lyase induces plant immune responses and contributes to virulence^[1].
