

Pinellic acid

Cat. No.:	HY-N11630
CAS No.:	97134-11-7
Molecular Formula:	C ₁₈ H ₃₄ O ₅
Molecular Weight:	330.46
Target:	Influenza Virus
Pathway:	Anti-infection
Storage:	Solution, -20°C, 2 years

BIOLOGICAL ACTIVITY

Description

Pinellic acid is a natural product that could be isolated from a medicinal plant Pinelliae tuber. Pinellic acid is an effective oral adjuvant for nasal influenza vaccine^[1].
