

Mulberrofuran B

Cat. No.:	HY-N12359
CAS No.:	79295-49-1
Molecular Formula:	C ₂₅ H ₂₈ O ₄
Molecular Weight:	392.49
Target:	Others
Pathway:	Others
Storage:	-20°C, protect from light * In solvent : -80°C, 6 months; -20°C, 1 month (protect from light)

BIOLOGICAL ACTIVITY

Description

Mulberrofuran B can be isolated from the Ethanol extract of *Morus alba*. Mulberrofuran B has antioxidant activity^[1].
