## 2",4"-Di-O-(E-p-Coumaroyl)afzelin

HY-N1669

| CAS No.:           | 163434-73-9   | 0<br>                                 |
|--------------------|---|---------------------------------------|
| Molecular Formula: | C <sub>39</sub> H <sub>32</sub> O <sub>14</sub>   |                                       |
| Molecular Weight:  | 724.66  |                                       |
| Target:            | Others  | ОН                                    |
| Pathway:           | Others  | HOTO                                  |
| Storage:           | Please store the product under the recommended conditions in the Certificate of Analysis. | ~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~ |
| BIOLOGICAL ACT     |   |                                       |

| BIOLOGICAL ACTIVI |   |
|-------------------|---|
| Description       | 2'',4''-Di-O-(E-p-Coumaroyl)afzelin (compound 36) is a compound isolated from Epimedium sagittatum <sup>[1]</sup> . |
