

## Picein

Cat. No.:	HY-N8698
CAS No.:	530-14-3
Molecular Formula:	C <sub>14</sub> H <sub>18</sub> O <sub>7</sub>
Molecular Weight:	298.29
Target:	Reactive Oxygen Species
Pathway:	Immunology/Inflammation; Metabolic Enzyme/Protease; NF-κB
Storage:	4°C, protect from light * In solvent : -80°C, 6 months; -20°C, 1 month (protect from light)

### BIOLOGICAL ACTIVITY

#### Description

Picein, isolated from *Picrorhiza kurroa*, is a naturally occurring antioxidant<sup>[1]</sup>.
