

## **Certificate of Analysis**

## IL-1R1 Protein, Human (HEK293)

 Cat. No.:
 HY-P74823

 Batch No.:
 291889

 Species:
 Human

 Source:
 HEK293

 Tag:
 Tag Free

Accession: P14778/NP\_000868.1 (L18-T332)

Gene ID: 3554

Molecular Weight: 50-65 kDa

## ANALYTICAL DATA

| TEST                | Specifications                                                                                                                                                                      | Results  |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| Purity              | Greater than 95% as determined by reducing SDS-PAGE                                                                                                                                 | ≥95.0%   |
| Endotoxin Level     | <1 EU/µg, determined by LAL method.                                                                                                                                                 | PASS     |
| Biological Activity | Human IL-1 Beta, His Tag captured on CM5 Chip via Anti-his antibody can bind Human IL-1R1, No Tag with an affinity constant of 11.37 nM as determined in SPR assay (Biacore T200).  | 11.37 nM |
| Appearance          | Lyophilized powder                                                                                                                                                                  |          |
| Reconstitution      | It is not recommended to reconstitute to a concentration less than 100 $\mu g/mL$ in $ddH_2O$ .                                                                                     |          |
| Storage & Stability | Stored at -20°C for 2 years. After reconstitution, it is stable at 4°C for 1 week or -20°C for longer. It is recommended to freeze aliquots at -20°C or -80°C for extended storage. |          |
| Shipping            | Room temperature in continental US; may vary elsewhere.                                                                                                                             |          |

Caution: Product has not been fully validated for medical applications. For research use only.
