## Hsp90 beta Antibody

|                   |                                                                       |
|-------------------|-----------------------------------------------------------------------|
| Cat. No.:         | HY-P80187                                                             |
| Batch No.:        | 264091                                                                |
| Host:             | Rabbit                                                                |
| Reactivity:       | Human,Mouse,Rat                                                       |
| Clonality No.:    | YA355                                                                 |
| SwissProt ID:     | SwissProt: P08238 Human;SwissProt: P11499 Mouse;SwissProt: P34058 Rat |
| Molecular Weight: | Predicted band size: 83 kDa                                           |

### ANALYTICAL DATA

|                     |                                                                                                                            |
|---------------------|----------------------------------------------------------------------------------------------------------------------------|
| Appearance          | Liquid                                                                                                                     |
| Concentration       | 1 mg/mL                                                                                                                    |
| Conjugation         | Non-conjugated                                                                                                             |
| Application         | WB,ICC/IF,IHC-P,IP,FC                                                                                                      |
| Dilution Ratio      | WB: 1:1,000-1:10,000 ;ICC/IF: 1:100-1:500 ;IHC-P: 1:50-1:200 ;FC: 1:50-1:100 ;IP: Use at an assay dependent concentration. |
| Formulation         | Supplied in 1*TBS (pH7.4), 0.05% BSA and 40% Glycerol. Preservative: 0.05% Sodium Azide.                                   |
| Storage & Stability | Stored at -20°C for 1 year. Avoid repeated freeze / thaw cycles.                                                           |
| Shipping            | Shipping with blue ice.                                                                                                    |

**Caution: Product has not been fully validated for medical applications. For research use only.**
