

## Birtamimab

Cat. No.:	HY-P99481
CAS No.:	1608108-91-3
Target:	Amyloid- $\beta$
Pathway:	Neuronal Signaling
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

### BIOLOGICAL ACTIVITY

<b>Description</b>	Birtamimab (NEOD001) is an investigational monoclonal antibody that specifically and selectively target and clear the amyloid. Birtamimab can be used for the research of light chain amyloidosis <sup>[1]</sup> .
<b>In Vitro</b>	Birtamimab can neutralize circulating soluble amyloid and deposited insoluble amyloid, thus promoting the phagocytic clearance of amyloid deposits <sup>[1]</sup> . MCE has not independently confirmed the accuracy of these methods. They are for reference only.
