

Pegaldesleukin

Cat. No.:	HY-P99817
CAS No.:	141752-91-2
Target:	Interleukin Related; HIV
Pathway:	Immunology/Inflammation; Anti-infection
Storage:	Please store the product under the recommended conditions in the Certificate of Analysis.

BIOLOGICAL ACTIVITY

Description

Pegaldesleukin is a conjugate of polyethylene glycol and interleukin-2 (PEG-IL2). Pegaldesleukin has antiviral activity and has potential applications in HIV, possibly delaying the progression of HIV infection by retaining the immune repertoire^{[1][2][3]}.
