

## 3-Tolylboronic acid

|                    |                            |       |          |
|--------------------|----------------------------|-------|----------|
| Cat. No.:          | HY-W007381                 |       |          |
| CAS No.:           | 17933-03-8                 |       |          |
| Molecular Formula: | $C_7H_9BO_2$               |       |          |
| Molecular Weight:  | 135.96                     |       |          |
| Target:            | Biochemical Assay Reagents |       |          |
| Pathway:           | Others                     |       |          |
| Storage:           | Powder                     | -20°C | 3 years  |
|                    |                            | 4°C   | 2 years  |
|                    | In solvent                 | -80°C | 6 months |
|                    |                            | -20°C | 1 month  |

### BIOLOGICAL ACTIVITY

|             |   |
|-------------|---|
| Description | 3-Tolylboronic acid is a biochemical reagent that can be used as a biological material or organic compound for life science related research. |
| In Vitro    | Suzuki coupling reactions<br>MCE has not independently confirmed the accuracy of these methods. They are for reference only.                  |

**Caution: Product has not been fully validated for medical applications. For research use only.**
