

2-Mercaptobenzothiazole

Cat. No.:	HY-W017113		
CAS No.:	149-30-4		
Molecular Formula:	C ₇ H ₅ NS ₂		
Molecular Weight:	167.25		
Target:	Endogenous Metabolite		
Pathway:	Metabolic Enzyme/Protease		
Storage:	Powder	-20°C	3 years
		4°C	2 years
	In solvent	-80°C	6 months
		-20°C	1 month

BIOLOGICAL ACTIVITY

Description	2-Mercaptobenzothiazole is an endogenous metabolite.
IC ₅₀ & Target	Human Endogenous Metabolite

Caution: Product has not been fully validated for medical applications. For research use only.
