

Valericanhydride

Cat. No.:	HY-W099747
CAS No.:	2082-59-9
Molecular Formula:	C ₁₀ H ₁₈ O ₃
Molecular Weight:	186.25
Target:	Biochemical Assay Reagents
Pathway:	Others
Storage:	Pure form -20°C 3 years 4°C 2 years In solvent -80°C 6 months -20°C 1 month

BIOLOGICAL ACTIVITY

Description	Valericanhydride is an organic compound, a cyclic anhydride, derived from valeric acid.
In Vitro	Valericanhydride is a biochemical reagent that can be used as a biological material or organic compound for life science related research. MCE has not independently confirmed the accuracy of these methods. They are for reference only.

Caution: Product has not been fully validated for medical applications. For research use only.
