

Diallate

Cat. No.:	HY-W774905		
CAS No.:	2303-16-4		
Molecular Formula:	C ₁₀ H ₁₇ Cl ₂ NOS		
Molecular Weight:	270.22		
Target:	Others		
Pathway:	Others		
Storage:	Pure form	-20°C	3 years
		4°C	2 years
	In solvent	-80°C	6 months
		-20°C	1 month

BIOLOGICAL ACTIVITY

Description

Diallate is thiocarbamate herbicide. Diallate can produce mutagenic responses in the mouse lymphoma assay in the presence of metabolic activation^[1].
