

3-Chloro-4-fluoroaniline

Cat. No.:	HY-Y0680
CAS No.:	367-21-5
Molecular Formula:	C ₆ H ₅ ClFN
Molecular Weight:	145.56
Target:	Biochemical Assay Reagents
Pathway:	Others
Storage:	4°C, protect from light * In solvent : -80°C, 6 months; -20°C, 1 month (protect from light)

BIOLOGICAL ACTIVITY

Description	4-Fluoro-3-chloroaniline is a biochemical reagent that can be used as a biological material or organic compound for life science related research.
In Vitro	Gefitinib Impurity V is an organic Fluorinated building block used for the synthesis of pharmaceutical and biologically active compounds. It has antiinflammatory activity. MCE has not independently confirmed the accuracy of these methods. They are for reference only.

Caution: Product has not been fully validated for medical applications. For research use only.
