

Certificate of Analysis

Product Name: Protease Inhibitor Cocktail (EDTA-Free, mini-Tablet)

Catalog Number: HY-K0011

Kit Components:

Ingredient	Target
AEBSF	Serine proteases
Aprotinin	Serine proteases
Bestatin	Aminopeptidases
E-64	Cysteine proteases
Leupeptin	Serine and cysteine proteases

Stability: 4°C 2 years

Physical Description: A blend of 5 pan-protease inhibitors for protection of protein integrity

Caution: Product has not been fully validated for medical applications. For research use only.
