

Certificate of Analysis

Product Name: Deacetylase Inhibitor Cocktail (100× in 70% DMSO)

Catalog Number: HY-K0030

Kit Components and Concentration:

Ingredient	Concentration
Trichostatin A	40 μM
EX-527	1 mM
Nicotinamide	400 mM
Sodium Butyrate	200 mM

Stability: -20°C 1 year
2-8°C 2 months

Physical Description: Solutions containing 4 components in 70% DMSO

Caution: Product has not been fully validated for medical applications. For research use only.
